Reef Relief . . .

- Focuses on rigorous science to educate the public & advocacy toward policymakers to achieve conservation, protection, and restoration of coral reefs
- Increases public awareness of the importance and value of living coral reef ecosystems
- Increases scientific understanding and knowledge of living coral reef ecosystems
- Strengthens grassroots community-based efforts to protect coral reef ecosystems
- Designs, develops, and helps implement strategies for marine protected areas associated with coral reef ecosystems
- Encourages and supports eco-tourism as part of sustainable community development that protects and preserves coral reef ecosystems
- Strengthens our organizational capacity to carry out our mission

If you're a student, then join us this summer to explore and learn about our surrounding marine environment through exciting, educational activities at the Reef Relief Environmental Center in Key West. Each fun-packed day, campers will experience hands-on learning, interactive games, group activities, and state-of-the-art videos of life at the amazing living coral reef.

In addition, campers go snorkeling at the offshore coral reef and Key West Marine Park. They also tour the coral reef ecosystem at the Florida Keys Eco Discovery Center, and Key West Aquarium.

Nine weeks of one or two-week sessions are available beginning June 12th through August 18th, 2017. Sessions are limited to 25 campers per session, so sign up now! A limited number of scholarships are available. Camp will run from 8:30 am - 4:30 pm Monday through Friday. Please arrange transportation to and from Reef Relief each day.

Camp fees are \$225 per child per week or a discounted rate of \$200 per child per week when registering for multiple weeks or siblings. Scholarships are available. Fees are non-refundable.

Space is limited!
